ITEC 101 LAB PORTFOLIO

Submission Requirements:

- **Live Portfolio Link (GitHub Pages URL) –** https://shnamurao.github.io/WebPortfolio/
- **GitHub Repository Link –** https://github.com/shnamurao/WebPortfolio.git

- **Reflection:**

Creating my personal portfolio and hosting it on GitHub was a challenging but rewarding experience. I was able to strengthen my skills in HTML, CSS, JavaScript, and web deployment, while also learning the importance of organizing files properly and managing a project efficiently. Throughout the process, I have learned a lot. I realized how essential it is to stay patient and adaptable, especially when facing technical issues like coding errors and hosting difficulties. This project taught me that perseverance, hard work, and a willingness to learn make all the difference when things don't go as planned. More than just showcasing my projects, my portfolio reflects the growth, resilience, and dedication I developed throughout this journey.

About Me
I'm a detail-oriented creative who finds joy in blending design and functionality, whether it's through a responsive layout or a well-timed animation. I believe in intentional creation, continuous learning, and keeping things both human and helpful. I'm currently exploring the world of data analytics and cloud computing, and I'm also passionate about creating accessible and inclusive digital experiences that work for everyone.
Name: Shania Mae S. Amurao
Based in: Cavite
Email: shaniamae.amurao@cvsu.edu.ph
Interests: UI/UX Design, Data Analytics, Cloud Computing
Proficient in: Excel, PowerPoint, Microsoft Word, Canva, Photoshop
Fun fact: My brain tends to kick into high gear when the clock's ticking — turns out a little pressure brings out my best ideas.

Personal Projects
Some of the projects I've worked on are featured here, highlighting my creativity and technical skills using tools like Photoshop for enhancing and manipulating images, and VS Code for building and refining web-based outputs. Each one reflects my learning journey and my interest in blending visuals with functionality.
